Authority is respectfully requested from your Honorable Board for the County of Westchester (the "County"), acting by and through its Department of Health (the "Department"), to enter into a three-party Lead Remediation Agreement (the "LRA") with Declan O'Donoghue & Arhonto Papaioannou-O'Donoghue (the "Participant") and Exclusive Testing Labs, Inc. (the "Contractor"), pursuant to which the Contractor will perform lead remediation services (the "Services") on Participant's property located at 120 Edgewood Avenue, 1st Floor, Yonkers, NY 10704 (the "Property"), in accordance with New York State's Leading in Lead Prevention Pilot Program (the "Program"), for the period commencing upon execution of the agreement between all parties through March 31st, 2027. In consideration for Services to be rendered under the LRA, the County will pay the Contractor an amount not-to-exceed \$40,000, pursuant to an approved budget.

Authority is further requested for the County to enter into a Local Program Administrator Agreement (the "LPA") with the Participant, pursuant to which the County will provide an amount not-to-exceed \$40,000.00 to pay for approved Services, as well as any eligible related costs, including tenant relocation costs (the "Grant Assistance"). In exchange for the Grant Assistance, the Participant will agree, *inter alia*, to allow a Declaration of Interest (the "DOI") to be recorded on the Property, as security for the loan. The term of the LPA will commence upon

execution of the LPA by both parties and will continue for a period of five (5) years thereafter, or until the term of the DOI expires, whichever is later.

The Program, a New York State Homes and Community Renewal initiative, provides grant funding to eligible municipalities to remediate lead hazards from rental units in “communities of concern” located throughout New York State. Communities of concern is defined as an area of high risk which the New York State Department of Health has designated as having a higher-than-average prevalence of children with elevated blood lead levels and a significant number of multi-family rental units constructed prior to 1980, as per the NYS Public Health Law. In Westchester County, the cities of Mount Vernon, New Rochelle, and Yonkers have been deemed to be communities of concern.

In accordance with the requirements of the Program, on August 28th, 2024 and on March 12, 2025, the Department issued a Request for Qualifications seeking a pool of qualified lead abatement contractors who would be eligible to submit price quotations on future lead paint remediation jobs, as they become available. Seven (7) contractors submitted their qualifications in response to the RFQ. Following a review of the qualifications and experience of each of the respondents, the following seven (7) contractors were selected to form a pool of eligible contractors to perform the Services: AltaVista Lead Improvement Inc.; GLP & Sons, Inc.; Lead Professionals Inc; Reset Renovation Partners, LLC; Exclusive Testing Labs, Inc. Alltype Maintenance Corp; AbatePro MBE Environmental Corp (the “Eligible Contractors”).

Additionally, the Department has complied with both the Westchester County Procurement Policy as well as the Program’s procurement rules. On March 31, 2026, a Request for Quotations was issued and distributed to each of the Eligible Contractors with regard to Services to be performed at the Property. The Contractor submitted the lowest price quote and was thus awarded the LRA.

The goals and objectives of the LRA and the LPA are to remediate lead hazards in rental units located in communities of concern in Westchester County.

Accordingly, authority is respectfully requested from your Honorable Board for the County to enter into both the LRA and LPA.
