

ID #113865

TO: Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., P.E.
Commissioner of Public Works and Transportation

DATE: June 4, 2026

SUBJECT: Authority to enter into an agreement with the United States of America, acting through the Federal Aviation Administration, to accept Infrastructure Investment and Jobs Grant in the amount of \$408,205.00 for Capital Project Number A0133 - Rehabilitation of Taxiway "L" at the Westchester County Airport (Grant No. 3-36-0123-145-2026)

Authority is respectfully requested for the County of Westchester (the "County"), acting by and through its Department of Public Works and Transportation, to enter into an agreement with the United States of America, acting through the Federal Aviation Administration ("FAA"), to accept an Infrastructure Investment and Jobs ("IIJA") Grant, Grant No. 3-36-0123-145-2026.

The purpose of this grant is to fund the design of the rehabilitation of Taxiway L at the Westchester County Airport. The total estimated cost of this portion of the project is \$453,562.00 The FAA will fund 90% of this amount through the IIJA Grant, the New York State Department of Transportation has indicated that they will fund 5%, and the County's 5% local share will be funded through the Airport Special Revenue Fund.

This project is part of the FAA's Airport Capital Improvement Program, which provides entitlement-based funding linked to commercial passenger enplanements. The program supports infrastructure projects that ensure operational safety and compliance with Federal aviation regulations.

The objective of this Agreement is to accept Federal funding for a capital project that will rehabilitate 1,515 linear feet of Taxiway L. Taxiway L is the airport's only west-side taxiway parallel to Runway 16/34. It feeds at least 50% of the runway's departures and is often used as a congestion reliever to Taxiway A on the east side of the airport. Two thirds of the taxiway was rehabilitated in 2021. This grant funds the rehabilitation of the remaining 1,515 linear feet of pavement as well as replacement of the associated guidance signs and pavement markings, improving continuity of operations and ensuring compliance with Airport Certification Manual (ACM) standards.

RESOLUTION

Upon communication from the Commissioner of Public Works and Transportation, be it

RESOLVED, that the County of Westchester (the “County”), acting by and through its Department of Public Works and Transportation, is hereby authorized to enter into an Agreement with the United States of America, acting through the Federal Aviation Administration (“FAA”), to accept an Infrastructure Investment and Jobs (“IIJA”) Grant, Grant No. 3-36-0123-145-2026; and be it further

RESOLVED, that the purpose of said Grant is to fund the design of the Rehabilitation of Taxiway L at the Westchester County Airport; and be it further

RESOLVED, that the total estimated cost of this portion of the project is \$453,562.00, of which 90%, not to exceed \$408,205.00, will be funded by the FAA through the IIJA Grant. The New York State Department of Transportation has indicated that they will fund 5%, not to exceed \$22,678.00, and the remaining 5%, estimated at \$22,679.00 will be funded by the County through the Airport Special Revenue Fund; and be it further

RESOLVED, that the County Executive or his duly authorized designee is authorized to execute any instruments and to take any actions reasonably necessary to implement this Resolution.
