Re: Authority for the County of Westchester, acting by and through Westchester Community College, to enter into an agreement with Huron Consulting Services, LLC for consulting services utilizing Celonis' Execution Management System to examine the College's historical financial aid processes in PeopleSoft Campus Solutions without cost to the College for a term of one year commencing on or about September 15, 2023.

Authority is requested from your Honorable Board to authorize the County of Westchester, acting by and through Westchester Community College ("WCC"), to enter into an agreement with Huron Consulting Services, LLC ("Huron") for the provision of professional consulting services utilizing Celonis' Execution Management System to examine the College's historical financial aid processes in PeopleSoft Campus Solutions without cost to the College.

Huron and the College would like to jointly conduct a first of its kind proof of concept with Celonis Execution Management System to examine the College's historical financial aid processes in PeopleSoft Campus Solutions. Proof of Concept is an important part of the product development process in many fields, such as software development. The results from this pilot project will provide the College with insight into the state of financial aid business processes, which will identify potential opportunities to: improve recruitment and retention of targeted student populations; reduce application processing time and enhance regulatory compliance.

In exchange for the College providing access to a non-production Campus Solutions database with replica of production data; reasonable access to appropriate management, technical and subject matter experts on an as need basis; and other reasonable support, Huron will execute the project at no charge to the College. It is anticipated the project will take no more than a year and will commence on or about September 15, 2023.

As this agreement will be at no cost to the College, the provisions of the County Procurement Policy do not apply.

The public purpose of this agreement is to provide the College insight into the state of its financial and business processes.

The agreement will be monitored by Westchester Community College personnel.

I believe that this will assist the College to improve recruitment and retention of targeted student populations, to attract the highest possible caliber of students and will further expand our ability to serve students of all economic backgrounds. I, therefore, recommend that you act favorably on the annexed proposed resolution

APPROVED BOARD OF ACQUISITION & CONTRACT - 09/14/2023 - RAYMOND S. BROWN, SECRETARY
