Contract No. 23-505
Rehabilitation of Lincoln Avenue Bridge over Blind Brook (BIN 3348490),
Village of Rye Brook, New York and
Pumphouse Road Bridge over Peekskill Hollow Brook (BIN 3348430),
Town of Cortlandt, New York

The 2026 Capital Budget contains funds for the above referenced project.

The work under this contract consists of all labor, material, and equipment required for the rehabilitation of the two (2) bridges including but not limited to excavation, concrete work, structure placement, steel work, backfill and site work, paving and striping, installation of appurtenances, landscape restoration and associated work.

The objective of this contract is to rehabilitate structurally deficient bridges over the Blind Brook in the area of the Village of Rye Brook in connection with to Lincoln Avenue and Peekskill Hollow Brook in the area of the Town of Cortlandt in connection to Pumphouse Road to meet current NYSDOT and AASHTO standards.

This contract is in the public's best interest because the structures are vital links to major arterial roads – Pumphouse Road brings commuters to State Route 9 and Lincoln Avenue brings commuters to the Hutchinson River Parkway. Further deterioration of these structures would cause serious disruptions to the public. The rehabilitated structures will ensure these vital links are maintained. The rehabilitated structures will also have lower maintenance requirements, therefore lowering future costs to the public.

The Department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
