Re: **Authority for the County of Westchester to execute an agreement consenting to the assignment of Contract No. EF-2408 with Trojan Technologies Group ULC to Trojan Technologies Corp.**

Pursuant to a Resolution approved on April 11, 2024, the County of Westchester ("County") entered into an agreement with Trojan Technologies Group ULC ("Contractor"), dated April 16, 2024 (the "Agreement"), wherein the Contractor agreed to provide preventative maintenance services for the Central Avenue water treatment plant, the Orchard Street water treatment plant and the Gates of Heaven water treatment plant for a term commencing on January 9, 2024 and terminating on January 8, 2026.

The Contractor has requested the County consent to the assignment of the Agreement to Trojan Technologies Corp.

Trojan Technologies Corp. will assume all of the rights and obligations of the Contractor under the Agreement.

The attached Resolution, if approved by your Honorable Board, would authorize the County to execute an agreement consenting to the assignment of the Agreement from Trojan Technologies Group ULC to Trojan Technologies Corp., effective as of the date of execution of the assignment.

The objective of this assignment is in the County's best interest because it will allow the County's water districts to maintain the appropriate levels of water treatment that are compliant with federal, state and local regulatory requirements for safe drinking water to the residents of Westchester County.

Accordingly, your favorable action on the annexed Resolution is most respectfully urged and recommended.
