Commissioner Terrance Raynor,
Westchester County Police Department
1 Saw Mill River Road Hawthorne, New York 10532

Dear Commissioner Raynor, I would like to thank you and your department for the assistance you provided to the Briarcliff Manor Police Department during the recent visit by former President Donald Trump, which was held at the Trump National Golf Course. The guidance by your command staff was an enormous help, the resources you provided were more than expected and greatly appreciated. The coordinated effort between both departments was executed in a quick and organized fashion, resulting in a flawless event. Fortunately, there were minimal protesters; however, as in the last year's event, the exercise will be a template in the event Mr. Trump plans to hold future events. Many thanks and I look forward to working with you and your department in the future.

Sincerely,
