("Consultant"), 285 Main Street, Mount Kisco, New York 10549, in connection with Merestead Farm House Restoration, Towns of Bedford and New Castle, New York. The Consultant shall provide design services associated with this project. Design services shall include preparation of construction contract documents (drawings and specifications), construction cost estimates, any required addenda, and a bid analysis including an evaluation of the bids to determine compliance with bidding requirements and whether the bidders are responsible so that the County may recommend award of the construction contracts. The objective of this project will be to restore Merestead Farm House which has deteriorated over the years and requires rehabilitation at this time. The restoration to the farm house and attached addition includes exterior and interior repairs, reconstruction of the front porch, kitchen and bathroom renovation, new plumbing, mechanical and electrical infrastructure. Merestead is listed on the National Register of Historic Properties. The design documents prepared by the consultant for this project shall be reviewed for historic conformance by the New York State Historic Preservation Office ("SHPO") and the Westchester County Department of Planning. This agreement will benefit the public as it will provide a fully functional facility ensuring its safe use and enjoyment by visitors.
